Millbrook Horse Trials

at Coole Park Farm

To all our friends and neighbors, our competitors, our generous sponsors, our hard-working volunteers and the thousands of spectators who come to watch this thrilling sport, welcome to the 17th Millbrook Horse Trials!

We are excited to debut an electronic scoreboard in the show-jumping arena on both Saturday and Sunday. You will now be able to see all the details for each horse and rider, including their placing to date, while they are in the ring. This scoreboard will also be a great place to learn more about our generous sponsors.

As always, we've been very busy here on the event grounds since last year's competition. Tremaine Cooper, our FEI-level course designer, has created six top-quality courses that will be both challenging and educational for all levels of horses and riders.

We certainly can't go without thanking our generous landowners: The Millbrook School and Coole Park Farm. The cross-country course is run on land owned by the school, and the stadium jumping takes place on Coole Park Farm property owned by David and Connie Clapp. Both properties host the dressage competition.

Last but certainly not least, the support we receive from our volunteers, the local community, the riders themselves and our very generous sponsors, is the engine that keeps this event moving forward. We thank each and every person for their support.

Here's to another fabulous event!

Smart Investing Starts with Strong Relationships

There's only one way to know how to invest for your client, and that's to know your client. So every account at Bank of Millbrook Trust and Investment Services starts with getting to know you – your circumstances, your concerns, your hopes and your goals. All learned by sitting face-to-face with the person who both develops and manages your investment approach.

Meredith Tiedemann has created wealth strategies for her clients for years, and with her foundation as a Certified Private Wealth Advisor®, she can help you maximize growth, monetize and protect your assets, minimize taxes and, ultimately, transfer your wealth to future generations.

It starts with relationships. Like portfolios, they aren't built overnight and they're better when nurtured over the long term. That's something as Dutchess County's only locally managed Trust and Investment Services department, we are uniquely suited to do. Let's get to know each other.

Welcome to our Spectators

We hope that everyone will have a good time at the Millbrook Horse Trials. No other sport permits the spectator such an active role, but one person in the wrong place can ruin months and years of hard work for competitors, as well as place all parties in jeopardy of physical injury. To ensure your safety and that of the competitors, and to preserve the fairness of the competition, please familiarize yourself with the guidelines:

HORSES HAVE THE RIGHT OF WAY. The horses and riders will be moving at speed across country. Always look both ways before moving and stay alert for warnings from officials. Stay behind marked barriers and ropes and keep clear of the area around each cross-country fence. Please observe the advice or directions of fence judges on the cross-country course.

CHILDREN MUST BE WITH AN ADULT AT ALL TIMES. Children often do not realize the danger that horses present.

DOGS MUST BE LEASHED. Absolutely no exceptions! Loose dogs are a hazard to competing horses and will be impounded and the owners fined $50. Noisy or disruptive dogs must be removed from the grounds.

AVOID UNAUTHORIZED ASSISTANCE TO COMPETITORS. Providing assistance to a rider during competition, whether solicited or not, is forbidden, under penalty of the competitor's elimination. The only exception to the no assistance rule is in the case of a fall. Officials or spectators may catch a loose horse or aid a fallen rider to remount and adjust saddlery. No one, however, may mount the horse except the rider.

QUIET, PLEASE! Undue noises can cause distractions to horses and riders and can affect the outcome of the competition or cause an accident. Please hold your applause until after a competitor exits the dressage arena, completes a cross-country fence, or finishes the stadium course.

Please be considerate of the site and use trash receptacles. Portions of the competition adjoin private property. We hope you will respect the land and privacy of these generous neighbors.

While observing these precautions, please feel free to move about the competition area in order to see as much as possible of the varied activities. Do not hesitate to ask questions of volunteers and officials, who will be happy to assist you.

Neither the Millbrook Horse Trials Organizing Committee nor owners of property on which the Millbrook Horse Trials are held accept any responsibility for any theft, accident, injury or illness to horses, riders, employees or any person or property whatsoever.

The Three Horse Trials Disciplines

Millbrook Horse Trials is conducted under the auspices of the United States Eventing Association (USEA) and the United States Equestrian Federation (USEF). In a Horse Trials, the rider and horse, competing at the division level appropriate to their experience, must participate in three different phases: Dressage, Cross Country, and Stadium Jumping. Penalty points from each of these phases are totaled for a final standing. The lowest score wins the division.

DRESSAGE

The dressage test is a series of compulsory movements performed on the flat in an arena. The performance must be fluid, balanced, and accurate, presenting an overall picture of grace and harmony. It reflects the cavalry officer's need for an obedient, attractive mount on the parade ground. Getting a calm, submissive, and well-balanced test from an extremely fit and eager horse before its strenuous gallop cross country is a real achievement.

Each movement of the dressage test is awarded from 0-10 good marks. The good marks earned (minus any error of course or test) are converted into a percentage of the maximum marks available. This percentage is subtracted from 100 to create the penalty score for the test. The resulting total is the score in penalty points for the test.

CROSS COUNTRY

In this phase, considered the most demanding and exciting part of a Horse Trials, the horse and rider must gallop over natural terrain, negotiating at speed a variety of unfamiliar jumping obstacles. The horse does not know what is ahead, but must trust and unhesitatingly obey the rider, who has studied the course beforehand. Water, banks, ditches, drops and other features of natural terrain may be encountered, as well as man-made obstructions. Options of height and striding (distance between jumping efforts) further challenge the competitor's skill and control.

Cross Country proves the speed, endurance and jumping ability of the horse as well as the boldness and knowledge of the rider. It is the most important part of the entire competition and counts most in scoring. Time penalties are assessed, as well as penalties for refusals and falls at jumps and deviations from course.

STADIUM JUMPING

Stadium Jumping tests the horse's obedience and athleticism over a timed course of fixtures which can be easily knocked down by a careless horse. The track of the course is irregular and winding, requiring control and handiness. Penalty points are assessed for knockdowns, refusals, falls, deviations from course, or for exceeding the time allowed. The object of the Stadium Jumping test is to prove that, after jumping solid obstacles at speed in the Cross Country, horses maintain the obedience to jump a course of obstacles cleanly at a controlled pace.

At the end of the Stadium Jumping, each completing competitor's scores from Dressage, Cross Country, and Stadium are totaled. The horse and rider team with the lowest number of penalties is declared the winner. The pageantry of the final ceremonies with trophies and awards is only a small part of the competitor's experience. The true rewards lie in the competition itself. Preparing for, meeting, and mastering the widely varied demands of combined training allow riders to discover what they and their mounts can do. Those who have completed the event can rightly pride themselves on their accomplishments.

Cross Country Penalties at Obstacles

1st refusal, run-out or circle at obstacle ..... 20 penalties
2nd refusal, run-out or circle at same obstacle ..... 40 penalties
3rd refusal, run-out or circle at same obstacle ..... Elimination

1st fall of BN or N rider (if land on feet)... 65 penalties
2nd fall of BN or N & 1st fall of T, P, I, A rider ..... Elimination
Fall of horse ..... Mandatory retirement
Course error ..... Elimination

Stadium Jumping Penalties

Knocking down an obstacle ..... 4 penalties
1st disobedience ..... 4 penalties
2nd disobedience: Adv, Inter, Prelim ..... Elimination
2nd disobedience: Trng, Nov, Begin Nov ..... 8 penalties
3rd disobedience: Trng, Nov, Begin Nov ..... Elimination
Off course ..... Elimination
Fall of horse &/or rider ..... Elimination
Exceeding time allowed ..... 1 point per second

MILLBROOK HORSE TRIALS AND COOLE PARK FARM DONATE $2,500 TO PINE PLAINS FOOD LOCKER

Millbrook Horse Trials President and international event rider Louise Meryman (right) presented a donation of $2,500 to Ted Mallozzi of the Pine Plains Community Food Locker following the 2016 event. Founded in 1951 and operating out of the basement of the United Methodist Church on East Church Street, PPCFL depends on volunteer energy and each year spends about $15,000 on food purchases. The funds donated by MHT are used to provide food and other necessities to the 40 families served by the food locker every month.

Beet the Thirst!

When working, horses can lose 2-3 gallons of water through sweat.

Hydration is gut driven. We need to provide the gut with the right tools. High moisture, low binding feeds is the best way. It is important that the horse ingests water which is inherent in the feed and can travel along the gut to be absorbed in the hindgut. This will allow correct functioning of the gut and provides a reservoir for hydrating tissues that lose water through normal activities due to metabolism and exercise.

Speedi-Beet and Fibre-Beet can supply high levels of water which will both help gut transit and also be available for hindgut absorption. Speedi-Beet, Fibre-Beet and Emerald Valley Mashes can have a positive role by helping ensure gut water will be available for absorption.
